Five Hundred Thousand Strong.

In the past few months there has been more than 500,000 bottles of Shiloh's Cure sold. Out of the vast number of people who have used it, more than 2,000 cases of consumption have been cured. All Coughs, Croup, Asthma and Bronchitis, yield at once, hence it is that everybody speaks in its praise. To those who have not used it, let us say, if you have a Cough, or your child the Croup, and you value life, don't fail to try it. For Lamé Back, Side or Chest, use Shiloh's Porous Plaster. Sold by R. B. Stevenson, Iowa, Kansas.

The Merry Days of Old.

In reading of the middle ages one is struck by the accounts given of feats of strength, &c. of the life actors of those times. The suits of armor worn, would certainly indicate the possession of greater physical strength than is developed by men in these latter days. What wrought the change? Men lived in the merry days a more out-door life than this advanced civilization of ours can afford. There is a greater consumption of brain matter, and that increased demand on mental and physical power necessitates the use of a pure vegetable, stimulant tonic, such as the Home Stomach Bitters.

A Good Thing.

German Syrup is the special prescription of Dr. A. Boschee, a celebrated German Physician, and is acknowledged to be one of the most fortunate discoveries in Medicine. It quickly cures Coughs, Colds and all Lung troubles of the severest nature, removing, as it does, the cause of the affection and leaving the parts in a strong and healthy condition. It is not an experimental medicine, but has stood the test of years, giving satisfaction in every case, which its rapidly increasing sale every season confirms. Two million bottles sold annually. Beware of medicines of similar names, lately introduced. Boschee's German Syrup was introduced in the United States in 1888, and is now sold in every town and village in the civilized world. Three doses will relieve any ordinary cough. Price 75 cents. Sample bottle 10 cents.

Chicago & Alton R. R.

To accommodate the largely increased passenger traffic of the Chicago & Alton R. R. and to afford its patrons quicker and more comfortable transportation than ever before, between the "Three Great Cities of the West," it has been decided to run separate trains all the way through from Kansas City to Chicago, and from Kansas City to St. Louis. Heretofore through cars for Chicago and St. Louis have been hauled in one train between Kansas City and Roadhouse. With this new arrangement the company introduce new Reclining Chair Palace Cars and new Palace Dining Cars, more commodious and magnificent than any other cars running on any road in the world.

As heretofore no extra charge will made seats in Reclining Chair Palace Cars. Dining Cars will be run on all through trains from Kansas City to Chicago, and also on all through trains from Kansas City to St. Louis.

By this route the entire trains consisting of Baggage Cars, Smoking Cars, First-Class Coaches, Reclining Chair, Palace Cars, and Pullman Palace Sleeping Cars run through without change between Kansas City and Chicago, and Kansas City and St. Louis; separate trains are run all the way from Kansas City to Chicago, and Kansas City to St. Louis; no other line makes as fast time to Chicago, and no other line makes faster time to St. Louis; and this is the only line running Dining Cars to or from Kansas City.

Take the Chicago & Alton railroad for all points east.

Manhood: How Lost, How Restored!

Just published, a new edition of Dr. Culverwell's Celebrated Essay on the radical cure (without medicine) of Syphilis, Gonorrhea, or Venereal Weakness, Involuntary Seminal Losses, Impotency, Mental and Physical Incapacity, Impediments to Marriage, etc.; also, CONSUMPTION, EPILEPSY and Fits, induced by self-indulgence or sexual extravagance, &c.

The celebrated author, in this admirable Essay, clearly demonstrates, from a thirty years' successful practice, that the alarming consequences of self-abuse may be radically cured without the dangerous use of internal medicine or the application of the knife; pointing out a mode of cure at once simple, certain, and effectual, by means of which every sufferer, no matter what his condition may be, may cure himself cheaply, privately, and radically.

This Lecture should be in the hands of every youth and every man in the land.

Sent under seal, in a plain envelope, to any address, post-paid, on the receipt of six cents or two postage stamps.

THE SUN FOR 1890.

The SUN will deal with the events of the year 1889 in its own fashion, now pretty well understood by everybody. From January 1 until December 31 it will be conducted as a newspaper, written in the English language, and printed for the people.

As a newspaper, the SUN believes in getting all the news of the world promptly, and presenting it in the most intelligible shape—the shape that will enable its readers to keep well abreast of the age with the least unproductive expenditure of time. The greatest interest to the greatest number—that is, the law controlling its daily make-up—is circulation. It is not a newspaper larger than that of any other American newspaper, and enjoys an income which it is at all times prepared to spend liberally for the benefit of its readers. People of all conditions of life and all ways of thinking buy and read the SUN; and they all derive satisfaction of some sort from its columns, for they keep on buying and reading it.

In its comments on men and affairs, the SUN believes that the only guide of policy should be common sense, inspired by genuine American principles and backed by honest purpose. For this reason it is, and will continue to be, absolutely independent of all, but of none. It will continue to praise what is good and reprobate what is evil, taking care that its language is to the point and plain, beyond the possibility of being misunderstood. It is unflinchingly motivated that do not appear on the surface; it has no opinions to sell, save those which may be had by any purchaser with two cents. It hates injustice and inequality even more than it hates unnecessary words. It abhors frauds, pities fools, and despises nincompoops of every species. It will continue throughout the year 1890 to choose the first class, instruct the second, and discountenance the third. All honest men, with honest convictions, whether sound or mistaken, are its friends. And the SUN makes no bones of telling the truth to its friends and about its friends whenever occasion arises for plain speaking.

These are the principles upon which the SUN will be conducted during the year to come.

The year 1889 will be one in which no patriotic American can afford to close his eyes to public affairs. It is impossible to exaggerate the importance of the political events which it has in store, or the necessity of resolute vigilance on the part of every citizen who desires to preserve the Government that the founders gave us. The debates and acts of Congress, the utterances of the press, the exciting contests of the Republican and Democratic parties, now nearly equal in strength throughout the country, the varying drift of public sentiment, will all bear directly and effectively upon the twenty-fourth Presidential election, to be held in November. Four years ago next November the will of the nation, as expressed at the polls, was thwarted by an abominable conspiracy, the promoters and beneficiaries of which still hold the office they stole. Will the crime of 1876 be repeated in 1890? The past decade of years opened with a corrupt, extravagant, and insolent Administration entrenched at Washington. The SUN did something toward dislodging the gang breaking its power. The same men are now intriguing to restore their leader and themselves to places from which they were driven by the indignation of the people. Will they succeed? The coming year will bring the answers to these momentous questions. The SUN will be on hand to chronicle the facts as they are developed, and to exhibit them clearly and fearlessly in their relations to expediency and right.

Thus, with the habit of philosophical good humor in looking at the minor affairs of life, and in great things a steadfast purpose to maintain the rights of the people and the principles of the Constitution against
